## Declaration by the designate coordinator

I, Dr. Rajpreet Soni, Agree to the terms and conditions required to run this IAP center for CPR training. The center shall not ask for any monetary compensation from the IAP in lieu of the expenses incurred for conducting, advertising the programs or logistic support for the local or out of town faculty or for whatsoever. The center shall function in close liaison with the IAP BLS group and conduct the programs and courses in accordance with the latest guidelines. A quarterly report of the activities shall be submitted to the zonal coordinator. The local IAP would be involved in all the activities of the center; it may ask for the accounts for which the center has an obligation to share. The CIAP reserves the right to withdraw the accreditation of the center at any time.

### **Administration and Facilities**

Date of course? \_\_\_\_\_

Who were the Instructors? \_\_\_\_\_

Where was the course held? \_\_\_\_\_

*Circle a number that matches your opinion on each statement.*

It was easy to enroll in the course.

I received my student manual and CD in time for me to read the pre-class assignments.

The course facilities were adequate.

There was enough equipment available for everyone to practice skills with little "standing around" time.

The equipment was clean and in good working order.
